ref. 0984.3

ASSEMBLY INSTRUCTIONS

Product size: **2 ft 11 in × 2 ft 11 in × 2 ft 6 in (0.90 × 0.90 × 0.75 m)**
Playpen of 8 colored panels, 2 of each color, that fit into one another
To be assembled by an adult.
4 steps · keep this manual for future reference.

BEFORE YOU START

Read carefully

Caution

Give this toy to the child only after it has been **assembled by an adult**, and always use it under **adult supervision**.

Assembly rules

- Follow the order: each panel fits onto the pins of the one before, from panel 1 to 8, and panel 8 closes the playpen on panel 1.
- The stop of every panel faces the inside of the playpen.
- Assemble on level ground: on uneven ground the pins do not go all the way into the eyes.

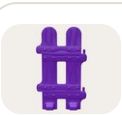

Tools

- No tools needed: all parts snap together

Assembly uses no screws.

PARTS LIST

Cercadinho parts

PANEL (A), 2 OF EACH COLOR **8×**

No. 1 · ref. 984302

PRODUCT ASSEMBLY

Step by step

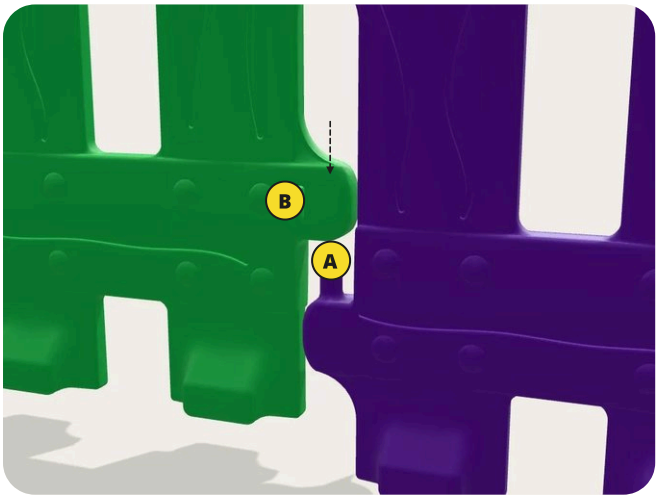

In each step, the arrows show where the part goes, the **black numbers** give the order and the **yellow letters** point to the details explained under the picture.

1 STEP 1 OF 4
Panels 1 and 2

A Panel 1

B Panel 2

The eyes of panel 2 go down over the pins of panel 1; the stop faces inward

A Pin

B Stop facing inward

Lay out the 8 **panels (A)**: they are all the same, 2 of each color. Each panel has two pins at one end (one on each crossbar) and, at the other end, two eyes with the hole underneath and a **stop** next to them.

Stand panel 1 upright, with the stop facing the inside of the playpen.

Hold panel 2 about 5 cm (2 in) off the ground, with its eyes over the pins of panel 1 and its stop also facing inward, and lower it: the pins go into the holes of the eyes.

CAUTION
The stop of every panel faces the inside of the playpen.

How it looks at the end of step 1

2 STEP 2 OF 4
Panels 3 and 4

A Panel 3

B Panel 4

Fit panel 3 onto the pins at the free end of panel 2 the same way, at a right angle to it, to form the first corner.

Fit panel 4 onto the pins of panel 3, in line with it.

3 STEP 3 OF 4
Panels 5, 6 and 7

A Panel 5

B Panel 6

C Panel 7

Make the second corner with panel 5 and go on with panels 6 and 7 (third corner), always lowering the eyes over the pins of the panel before.

Check that all the stops face inward.

How it looks at the end of step 3

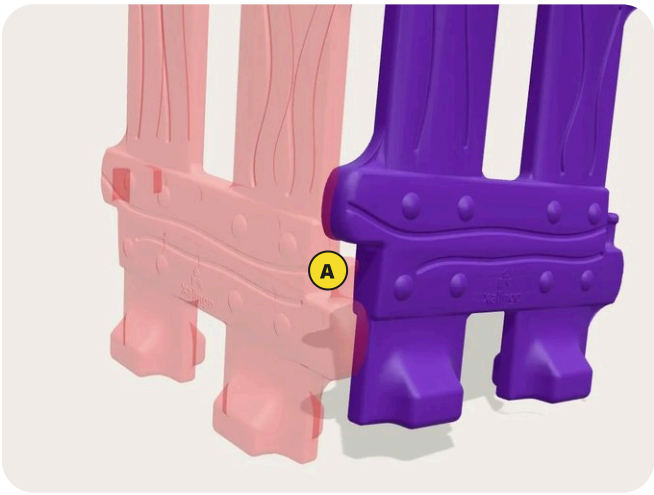

STEP 4 OF 4

4 Close the playpen

A Panel 8

B Lift the end of panel 1

The pins of panel 8 go into the eyes of panel 1 from below

A Pin of panel 8

Lift the free end of panel 1 a little, about 5 cm (2 in).

Bring panel 8 in from the outside, with its eye end slightly higher: its eyes sit over the pins of panel 7 and its pins sit under the eyes of panel 1.

Lower panel 8 and the end of panel 1 together: the pins go into the holes and the playpen is closed.

CAUTION
With a second person holding the end of panel 1, closing the playpen is easier.

FASTENING DETAILS

How each part is held

Panels

The two eyes of each panel, with the hole underneath, go down over the two pins of the panel before; the stop faces inward.

Last panel

To close, the end of panel 1 goes up a little, the pins of panel 8 go into its eyes from below and both go down together.

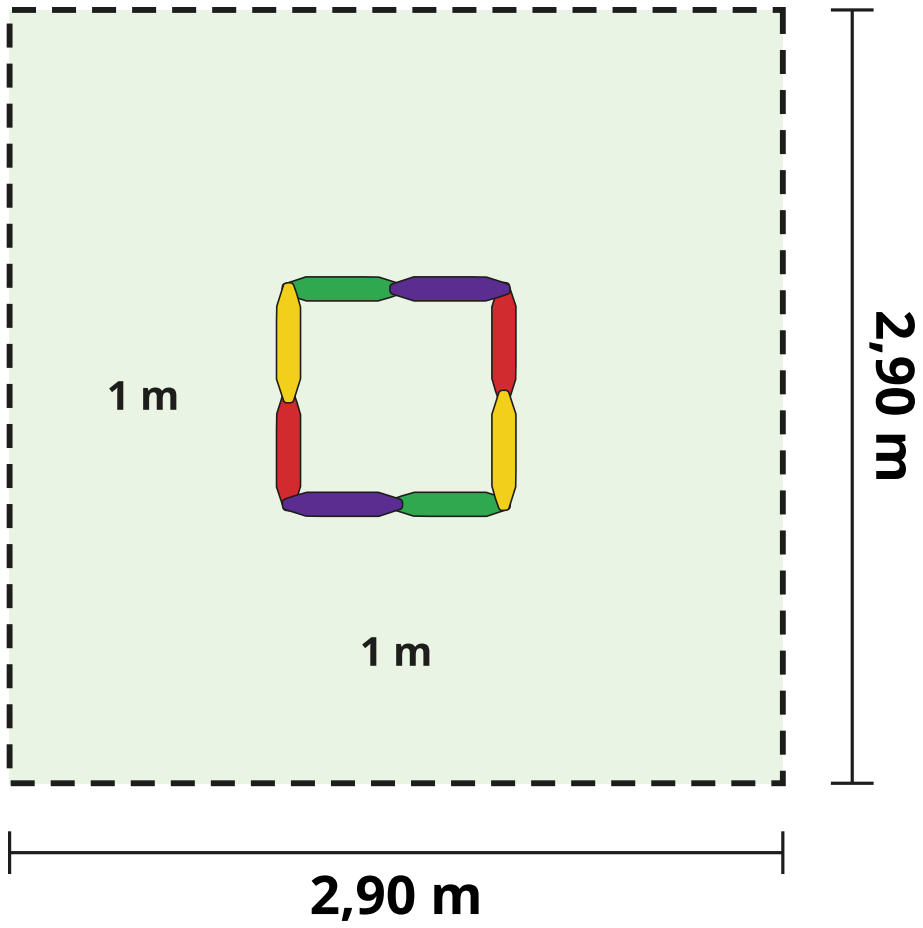

Assembly complete

Check the product visually, making sure every part is fitted and firmly fastened. **Only then let children use it.**

Check that the 8 panels are fully fitted, with the pins inside the eyes, and that all the stops face inward.

INSTALLATION DETAILS

Location and safety area

Area reserved for installation (top view): 1 m (3 ft 3 in) clear around the playpen, 2.90 × 2.90 m (9 ft 6 in × 9 ft 6 in). Product size: 0.90 × 0.90 × 0.75 m.

To keep users safe, minimum spaces and free distances must be respected.

Circulation area: at least 1.20 m wide around the equipment, so users can run freely; at least 1.50 m where the path changes direction, so strollers and wheelchairs can get in and turn.

Ground: an even, continuous, stable surface that is non-slip in any weather, with no obstacles and a cross slope of no more than 2%. Use on grass, sand, carpet or another soft, level surface.

Location: first check for chemicals and loose material (rubble, sharp objects). Choose an airy place with morning sun, sheltered from drafts; do not install it in basements or garages. Never use it near stairs, roads, swimming pools, water or slippery places. If the area is fenced, the gates must open outwards and be at least 1 m wide.

Space taken: the playpen assembled as a square takes about 0.90 × 0.90 m (2 ft 11 in × 2 ft 11 in) of floor; keep 1 m (3 ft 3 in) clear around it, as in the figure.

To avoid accidents, the child should wear shoes. This product is not intended for commercial use.

INSPECTION AND MAINTENANCE

Keep the playpen safe

Visual inspection — daily

- Cleanliness
- Free distances between the ground and the equipment
- Ground surface finish and exposed foundations
- Sharp edges and missing components
- Excessive wear and structural integrity

Operational inspection — every 1 to 3 months

Pay special attention to the structural integrity of the product, besides the items of the visual inspection.

Main inspection — yearly

- Structure: bending, deformation and cracks
- Finish: cracks, chips, broken or open joints
- Missing, bent, broken, loose or worn parts
- Edges, pinch points, access points and protective surfaces
- Pins inside the eyes at every joint and stops facing inward

Maintenance

- Tighten the joining parts and clean (do not use paints, solvents or other chemicals)
- Keep the free spaces and drain holes clean
- Replace fasteners and faulty or worn parts

As per NBR 16071-7:2012. Any change that affects safety only after consulting the manufacturer.
